How to Measure

1. Chest Circumference
Measure around the fullest part of your chest with your arms down. Keep the tape level.
2. Waist Circumference
Measure around the narrowest part of your waistline. Located above the belly button and below the rib cage. Keep the tape level.

Please note that all measurements are in centimeters.

Please note that all measurements are in centimeters.

When measuring for pants the waist measurement will provide the best fit and when measuring for tops the chest measurement will provide the best fit.

If you are between sizes please use the larger size for a comfortable fit.
